(b) whether it is also a fact that the Kudremukh mines still have an estimated 6.5 billion tonnes of magnetite ore in its reserves, waiting to be exploited to feed the iron/steel sector; and

(c) whether because of undue weightage given for environmental safety aspects, large volume of mineral wealth would lay inaccessible for industrial development of the region?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL (DR. AKHILESH DAS): (a) Mining operations of Kudremukh Iron Ore Company Limited (KIOCL) have been stopped w.e.f. 31.12.2005 in pursuance of order of Supreme Court. However, production of pellets at Mangalore plant is operational, though at much lower capacity.

(b) Kudremukh mines located in Western Ghats region have primary ore of 315 miliion tonnes and secondary weathered ore of 40-50 million tonnes approximately.

(c) An implication of the recent Supreme Court order in the case of KIOCL is that most of the magnetite deposits which are located in Western. Ghats and similar sensitive environmental zones, may not be available for value addition.

Iron ore to sponge iron manufacturing companies

†2881. SHRI SURENDRA LATH: Will the Minister of STEEL be pleased to state:

(a) whether it is a fact that a large number of sponge iron manufacturing companies are on the verge of closure due to steep hike in the prices of iron ores;

(b) whether Govemment have formulated any scheme for providing iron ores to these companies at reasonable prices; and

(c) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL (DR.AKHILESH DAS): (a) No, Sir. However, Sponge Iron Manufacturers* Association (SIMA) has informed that there has been some hike in price of iron ore during the last fortnight.

†Original notice of the question was received in Hindi.

(b) As per the present policy of Government, the mining sector, including iron ore mining, is deregulated and Government does not fix the market price of iron ore.

(c) Does not arise in view of (b) above.
